PROFESSIONAL SUMMARY

Certified Java Developer with comprehensive training and hands-on experience in **Java, Spring Boot and Microservices**. Proven communicator with strong interpersonal skills. Proficient in collaborating effectively within team environments and adept at adapting quickly to new technologies. **Ready to deliver impactful solutions for your organization's success.**

TECHNICAL SKILLS

- **Core Java**: Strong grasp of object-oriented programming, data structures, and algorithms.
- **Advanced Java**: Knowledge of multithreading, collections, JDBC, Design Patterns, and Java EE.
- **Java Frameworks**: Familiarity with Spring Boot, Spring Security and Hibernate.
- **Database**: Proficient in SQL queries, database design, Oracle, and MySQL integration.
- **Web Development**: Understanding of HTML, CSS, JavaScript, and Angular.
- **Agile Methodology**: Knowledgeable in Agile principles and SDLC.
- **Version Control**: Knowledgeable in Git and GitHub for version control and collaborate development.
- **Testing Frameworks**: Skilled in JUnit and Mockito for unit testing and debugging.
- **Operating systems**: Proficient in Linux and Windows operating systems.
- **Servers**: Orchestrated Tomcat and Jetty for server management and deployment.
- **AWS Cloud**: Knowledgeable in AWS Cloud infrastructure and expertise in EC2, RDS, Lambda and IAM services.
- **Tools:** Maven (build automation), Postman (API testing), Swagger (API documentation).
- **IDEs**: Proficient in utilizing Eclipse IDE, Spring Tool Suite, and Visual Studio.
- **Soft Skills**: Strong problem-solving, effective communication, teamwork, and continuous learning skills.

PROJECTS

Student Enrollment Management System, Web App | Repository | Live | Dec 2023 – Jan 2024
- Engineered and implemented a user interface that simplified the enrollment process.
- Designed the database schema and integrated cloud management for efficient and scalable data handling.
- Conducted thorough testing to ensure the system's functionality, reliability, and performance.
  Tech Stack: Java | Spring Boot | Thymeleaf | HTML | CSS | Ajax | MySQL | AWS (EC2, RDS)

BookNStay, REST API | Repository | Live | Feb 2024 – Mar 2024
- Implemented user authentication with role-based access using Spring Security.
- Developed dynamic room management APIs for availability, pricing, and status updates.
- Documented and tested RESTful APIs using Swagger for clear and reliable endpoints.
  Tech Stack: Spring Boot | Spring REST | Spring Security | Swagger | H2 | AWS (EC2)

EDUCATION

Bachelor of Science (B. Sc) in Computer Science | Mar 2023
Adikavi Nannaya University, Andhra Pradesh

Intermediate (M.P.C) | Mar 2019
Sri Surya Junior College, Andhra Pradesh

S.S.C | Mar 2017
Govt High School, Andhra Pradesh
